- YEAR THREE - 97%
- YEAR FOUR - 97%

Attendance should remain at 96%
Across the year.

Extra curricular activities

This week has been full of wonderful extracurricular activities that the children have truly enjoyed! On Tuesday, we were lucky enough to have a visit from the 'Animal Lady,' where the children had the exciting opportunity to meet a range of animals from different continents. The experience was both educational and fun, sparking curiosity in many of our young learners. On Wednesday, children from Key Stage 2 took part in the annual athletics competition with Mrs Green, showcasing their talent and sportsmanship. It was an energetic and lively event, and we are so proud of all the participants!

POLITE REMINDERS

The safety of our children is our priority and therefore can all parents be mindful that at no point should anyone be parked on the double yellow lines outside of the school. Blue badge holders can park on double yellow lines, but only if they are not causing a traffic obstruction.

"Education is the most powerful weapon, which we can use to change the world!" - Nelson Mandela
